

Our Post Pandemic Ecclesial Meetings

Dale Andrews

Questions to consider, discuss or journal.

1. How has the pandemic changed the way your ecclesia meets? How has it changed the way you experience fellowship?

2. What is your definition of fellowship? What is the bible definition of fellowship?

3. While meeting on video platforms over the pandemic has been a good option as opposed to the alternative of not meeting at all, is it sustainable in the long run? Is it fulfilling and (does it meet) the biblical definition of fellowship as “a sharing, communion or joint partnership”? What are the pros and cons?

4. In what way has meeting on video platforms called ecclesial traditions into question? What does it mean to be a member of an ecclesia or fellowship?

5. *“They worshiped together at the Temple each day, met in homes for the Lord’s Supper, and shared their meals with great joy and generosity. The NIV says - Every day they continued to meet together in the temple courts. They broke bread in their homes and ate together with glad and sincere hearts.” Acts 2:46*

Were you able to foster a sense of fellowship and togetherness while in physical isolation? What was affective? What was frustrating?

6. As we may move into in person services, how can we continue to use meeting on Zoom or other platforms in a beneficial way for our ecclesias and greater community?

7. When we resume in person services, with our new sets of eyes, how can our ecclesias change in order to better resemble the house of God?
